Weight	246g/m2
Composition	37%PL, 37%PLF, 23%PLM, 3%PA
Colours	1
Washing	Can be dry cleaned, can be ironed at low temperature

The Amur brocade print, with its rich texture and colours is like a fascinating and romantic musical composition. Its companion is the Amurpaille embroidered with transparent sequins for even a more luscious appearance when reflecting the light of chandeliers and candles. Whether as a wall covering or at the window, both make a strong and exciting statement.

The fusion of printed and woven pattern is breathtaking. The golden metallic thread shines through depending on the light touching the surface and results in a very rich and opulent look from both sides of the window without the need of lining.

The way Amur is coloured it blends perfectly in with many interiors and makes a statement in classic or very modern environments: elegant dining rooms, concrete lofts, prestigious reception halls, powder rooms, presidential suites, yachts, bedrooms.

By the way, all qualities in our collection can be embroidered with transparent sequins as an overlay, should a client requires more glitz!

Application

- Draperies
- Wall Panels
- Bedspreads / Headboards
- Pillows / Throws

Amur can be FR treated.
